Subject: Support Ordinance 220961
Date: Monday, February 6, 2023 10:31:19 AM

Hello,

I am writing to ask for support of this ordinance. Trees are a vital part of a health, livable city. Increasing green space decreases airborne pollution, decreases summer temperatures, increases water retention, and also helps to calm traffic when said trees are near the sides of roads. It is crucial that we start protecting some of our most valuable natural resources as we enter a time of climate change.

Please do the right thing.
